SUMMARY

Passionate and dedicated Front-end Developer with solid skills in HTML, CSS, JavaScript, TypeScript, React.js, and Next.js. Completed a Front-end Diploma from Route, gaining practical experience in building modern, responsive web applications with state management tools like Redux and React Query. Strong problem-solving abilities and a keen eye for clean, user-friendly interfaces. Eager to contribute in dynamic teams and open to hybrid work, remote roles, and relocation opportunities. Continuously learning and improving to deliver high-quality code.

EXPERIENCE

Front End Developer, Fadaa Media, Cairo/Maadi, Egypt

Mar 2025 — May 2025

As internship

- Developed a complete frontend for a social media platform using **React, JavaScript, Bootstrap**, and **React Query**.
- Implemented features like **authentication, lessons, Exams** and **Certificates**
- Collaborated with a Laravel backend team (not deployed during internship).
- Handled **CORS issues** during development and used proxy for local testing.
- Practiced **component-based design, form validation (Formik + Yup)**, and **responsive UI**.

Note: The backend was not deployed by the company, so no working demo is currently available. However, the full frontend was built and delivered.
